\$2000.00 IN PRIZES

for an Epigram

We are authorized by Keller Manufacturing Co. to offer 25 prizes amounting to \$2000.00 for an Epigram of only six words to be used as a permanent feature in advertising the famous, quiet running

Santo Vacuum Cleaner

There are 73 cash prizes ranging from \$500 for the first prize, \$250.00 for the second, and so on—the smallest being \$5.00. Two Santo Electric Cleaners and 10 Santo Hand Power Cleaners will also be awarded—and

We will have a voice in deciding the winners.

You know what we mean by an "Epigram." Some people call them slogans or catch phrases. "The Cleaner Without a Fault," "The Ware That Wears," "There's A Reason," and "The Smile That Won't Come off" are good examples of well known advertising epigrams.

Instead of paying some professional writer \$500 to write an epigram for us we want to encourage the best thought of a larger number of people. Some bright man or woman, or boy or girl is going to write the strongest epigram ever seen in an advertisement and we are willing to spend \$2000 to get it.

This fascinating contest will close promptly on December 1st and the prizes will be awarded and paid

Particulars Free

Write or call at once for particulars and booklets free of charge. Let us show you the Santo and explain its superiority—why it is used by the United States and Foreign governments, and thousands of homes and business concerns in preference to all other Vacuum Cleaners.

You don't have to buy a Santo or anything else to win a prize but you should fully inform yourself about the Santo before you can write a suitable epigram. A few minutes thought may enable you to win the \$500 prize.

APPLE SHOW TRAIN WILL SPEED SOME

Record for Fast Running to Be Broken Between Spokane and Chicago.

ST. PAUL, Minn., Nov. 21.—At the general offices of the Northern Pacific Railway Company in St. Paul it is expected that the speed records between Spokane, Wash., and Chicago will be broken by the special train which is to transfer the apple show exhibits from Spokane to Chicago.

The show, which will close in Spokane, November 19, covers four acres of ground. It requires hundreds of barrels, boxes, cases and crates in addition to the stands, booths signs and other paraphernalia of an exhibition of the kind. Just as soon as the doors close on the Spokane show everything in it will be loaded into newly painted refrigerator cars that have just been turned out of the shops for this special purpose. There will be about a dozen of these cars.

In the Spokane show are 2,000,000 apples and every one of them will be taken to Chicago and placed on exhibition in the First Regiment Armory in that city just as they were shown in Spokane.

The officers of the Spokane show, officials of the Northern Pacific and the exhibitors will ride in special Pullmans attached to the train.

The Northern Pacific's tracks between Spokane and St. Paul will be cleared for this special which will try to beat the records for trains of this size. The regular passenger running time between Spokane and Washington is 53 hours. It will take about 13 hours more to reach Chicago from St. Paul where the train will be transferred to the Burlington tracks.

DAWSON QUALIFIES

As a Deputy Marshal Succeeding Mr. Brown, Who Resigned.

Captain C. G. Dawson, who formerly held the position of captain of the guard at the state penitentiary, and for a while was acting warden, has qualified before United States Marshal James E. Doyle for his new duties as deputy marshal. Mr. Dawson succeeds Deputy Marshal W. Dorsey Brown, who has returned to his home in West Union undecided as to his future work. Mr. Brown's resignation was handed in some time ago.

Captain Dawson is well qualified for the new position having served the state in various departments, all of which have been good preparatory steps for an excellent knowledge of the proceedings in his future work.

DEATH

For Two Children in Explosion and Fire Near Pickens.

WESTON, Nev. 21.—At Selbyville, near Pickens, a lamp exploded at the home of Max Windler, a wealthy farmer, in the room of his two children, John, aged 13, and Pearl, aged 11. The fire originating from the explosion was burning up the bed and the two children when Mr. Windler got to their room on the second floor. Mr. Windler could not reach the bed and was horribly burned about the face and hands in his endeavor to reach his children. The home with all its contents was totally destroyed. The remains of the two children were so burned that identification was impossible and they were buried in one coffin.

WOUNDED

Seriously in a Skirmish in the Philippines is a Fairmont Soldier.

FAIRMONT, Nov. 21.—Word has been received here by relatives that Goff Jenkins, a soldier in the United States army, in service in the Philippines, had been seriously wounded in a skirmish. His father, Levi Jenkins, has started for the Philippines to be with his son, and the government has arranged for him a hurried trip from San Francisco, so that no time will be lost in reaching the injured soldier. Goff Jenkins has been in the army service for the last four years.

FEUD

Breaks Out in Randolph. Following Shooting of Louk His Barn is Burned.

ELKINS, Nov. 21.—A bitter feud has apparently been started between the Louk and Venhelt families, who live in the southern end of Randolph county. A barn belonging to Washington Louk was destroyed after an attempt on the life of Louk a month or so ago had failed. Louk was shot from ambush by Sterling Venhelt, who is now awaiting trial at this term of court. Louk recovered from his wounds.

In broad day light Louk's barn was set on fire, and this is regarded as the second step to wreak vengeance upon Louk for having caused trouble, as the Venhelt clan believes, between one of their members and his wife.
